APRIL COURT DAY.

Evidently there were several hundred people in Paris yesterday who did not care for the linguistic, acrobatic and gymnastic performance of Billy Sunday, as they continued the even tenor of their ways in their respective business lines.

There was a large crowd in the city, drawn mostly by the Sunday performance, and the promise of a fine day. There was a number of livestock transactions among the traders and farmers, being mainly mules and horses, there being very few cattle on the market. Mules and horses brought good prices. Farmers discussed politics, the coming tobacco season and other topics of most interest to them. Many of the usual side show attractions incident to "Court Day" were on hand. Merchants report collections fairly good. There was little business done in the early part of the afternoon, most of the stores closing during the Billy Sunday meeting. Restaurants did a rushing business, and business in other lines seemed to be doing well.

At the closing session of the annual Missionary Conference in Louisville, the following conference officers were elected: Mrs. J. H. Spillman, of Harrodsburg, president; Miss Julia Durham, Danville, corresponding secretary; Miss Alpha Ball, Millersburg, corresponding secretary; Mrs. C. F. THE SPRING STYLE SHOW TO BE SUMMER.

The big "Spring Style Show," to be staged at the Paris Grand Opera House, this evening, and Wednesday evening, April 5 and 6, promises to be one of the largest-attended events in this section, to judge from the interest that is being displayed in it.

The show will be staged in addition to the regular motion picture program, which will feature the six-reel Metro production, entitled, "Clothes," adapted from the famous stage success of the same name. Merchants have obtained living models from other cities, and will display the latest creations from the style centers. The show will be staged in three scenes each evening. This evening a tennis scene, a shopping tour and an evening reception will be staged, and Wednesday evening a kooking scene, an afternoon tea and a croquet game will be the attractions. Miss Mary Davis, of Lexington, an accomplished child singer and dancer, will appear each evening in novelty acts, and the performance each evening will end with a fancy dancing act by Kash and Leach, well-known professional dancers. There will be special lighting effects during each performance.

With spring-trade opening up and business rapidly getting back to its normal stage, both men and women are arranging their spring and summer wardrobes, and with such an attractive event being staged by the progressive merchants of Paris, everyone interested in gaining the latest and best will come to the Spring Style Show for ideas. Paris business men and women are offering special inducements, and those who are taking part in the style show are telling of them through the columns of THE NEWS. They should be the ones to receive the benefit of the patronage which they have had the enterprise to solicit through this means.

The merchants who will take part in the style show are: Mitchell & Blakemore, J. W. Davis & Co., Harry Linville, Posner Bros., The Leader Store, I. L. Price & Co., C. S. Goldstein, and Louis Wollstein. The athletic equipment is supplied by Daugherty Bros., the stage settings by The J. T. Hinton Company and A. J. Winters & Co. Special programs, issued from THE NEWS job rooms, were prepared and furnished by the Ruggles Motor Co.

NOTED EVANGELIST, BILLY SUNDAY, VISITS PARIS

Rev. William Sunday, familiarly known to thousands as "Billy" Sunday, visited Paris yesterday, according to previous arrangements, and departed on the 3:30 Louisville & Nashville train, after a reception and speech delivered to a crowd in the Bourbon Tobacco Warehouse, estimated variously at from 8,000 to 10,000. Every available foot of space on the big floors was taken up by an eager, jostling, but good-natured throng, anxious to hear the man who has become famous as an evangelist.

Mr. Sunday came to Lexington yesterday morning, where he was entertained by a visit to Man O'War, the famous superhorse. There he was met by a reception committee composed of Paris ministers and brought in an automobile to Paris. Rev. Mr. Sunday and his party were entertained at dinner at the Windsor Hotel. Probably the largest crowd seen in Paris for many years greeted the speaker when he arose to deliver his address. From early dawn to about noon when the big doors were thrown open to the public, there was a constant stream of people and vehicles en route to the big warehouse.

At the place of speaking a large platform had been erected in the center of the south side of the house, and seats were arranged in a semi-circle about this platform. Preceding the delivery of Mr. Sunday's address a program of musical selections were rendered by Mr. Roadheaver, Mr. Sunday's singer. Mr. Sunday was introduced to the big audience by Rev. Theo. S. Smylie, pastor of the Paris Presbyterian church, in a short address. Mr. Sunday immediately launched into his address, which was, of course, a characteristic Sunday speech. In the opening statements he spoke of the Bluegrass region, its pretty women and its fine farms, and said he had always had a soft spot in his heart for Kentucky and its people. All through the address of three-quarters of an hour, Mr. Sunday used the gestures and quaint remarks that have made him famous. His address was along the lines of those delivered in his Cincinnati engagement, and elicited loud applause from his hearers.

During the hours of the speaking and exercises nearly all the business houses of the city were closed, so the employers and their helpers could hear the noted evangelist. Large delegations from all the surrounding towns were here, coming from every direction. Hundreds of people waited in vain for a chance to get in, but the house was packed to its capacity, and none would be admitted.

At the close of the address and taking of an offering for the cause, Mr. Sunday and his party were taken in automobiles to the 3:20 Louisville & Nashville train, going to Cincinnati, where they continued the services in the big Tabernacle.

The visit of Mr. Sunday to Paris elicited varying opinions, many saying, in their opinion, he was better as an entertainer than as an evangelist. Many confessed to a distinct sense of disappointment, as the speaker was apparently not at his best, suffering from a slight hoarseness. At any rate it will be a matter for congratulation that the people of the city and county had an opportunity to see and hear him.

NOTED MINSTREL, AL G. FEILDS DEAD.

Alfred Griffin, "Al G." Fields, premier of American minstrelsy, died at his home in Columbus, Ohio, Sunday, his death resulting from Bright's disease, against which he had made a long fight. Born seventy-two years ago in Leesburg, Va., Mr. Fields was educated in the common schools of Brownsville and Pittsburg, Penn., later becoming interested in banking and farming and in 1886 entered the theatrical business, organizing a minstrel show, which has operated during every consecutive year since.

Mr. Fields was a former high national officer of the Elks and widely known in Masonic circles.

The funeral will be conducted in Columbus, this (Tuesday) afternoon.

STARTED ON WORLD TOUR

Starting out with the intention of seeing as much of the world as they could in a short time, Chas. Rusille, aged thirteen, and Charles Rush, aged fourteen, of Lexington, were taken in charge here Saturday afternoon by Patrolman George W. Judy. When taken before Mayor E. B. January, they stated they had left their homes without the knowledge or consent of their parents, and wanted to see something of Kentucky. They were placed in charge of an L. & N. conductor, and started on the homeward trip, after promising the officials to be good.

RELIGIOUS.

—Rev. Harry G. Turner, of Nicholasville, filled the pulpit at the Paris Methodist church Sunday morning. Rev. Turner delivered a message to the congregation regarding the Christian Education Movement, in which he is laboring. Rev. Turner is well-known in Paris and throughout Central Kentucky as one of the ablest ministers of the Methodist denomination.

The first of a series of evangelistic meetings began at the Paris Baptist church, Sunday morning. The pastor, Rev. Arthur Fox, spoke on the theme, "God For Paris." The subject of the evening sermon was "Paris For God." There will be preaching daily at 9:30 a. m. and 7:30 p. m. The subjects discussed Sunday gave the slogan for the meeting. Rev. Mr. Fox will be assisted by his singer, J. Fred Schofield, of Fort Scott, Kansas.

A revival meeting began Sunday morning at the Millersburg Methodist church, conducted by Rev. James B. Kendall, of Lexington, assisted by Lon D. Parker, singing evangelist, of Emporia, Kansas. These meetings are intended for the benefit of the entire community. Services will be held each night at 7:30 o'clock. Everybody welcomed.

—You and yours are cordially invited to attend the revival meeting at the Baptist church. Preaching by Rev. Arthur Fox, singing by Mr. Schofield.

Mr. Fox preached Sunday morning and night on the two themes which shall be the slogan of the meeting, "God for Paris," "Paris for God." At the morning hour Mr. Fox took as his text, 2nd Cor., 7th Chap., 14th verse, "If my people, which are called by my name, shall humble themselves, and pray and seek my face, and turn from their wicked ways, then will I forgive their sin, and will heal their land." With this text Mr. Fox preached to a large audience, and showed forcibly that God is for Paris, if the Christian people will meet the conditions.

At the evening service from the text, "The Set Time Is Come," taken from Psalms 102, 13th verse, "But," Mr. Fox said, "the saved people must take part in the work, and do their share in bringing lost souls to Christ."

"Other nations have had the opportunity of taking the world for Christ, but sin, worldly pleasures and selfishness lost them the chance, and now the set time is come for Christian America to use her influence."

Special song service before preaching, conducted by Mr. Fred Schofield, of Fort Scott, Kansas, who is well-known throughout the South as a choir director. Preaching 9:30 a. m. and 7:30 p. m. every day.

BOURBON CIRCUIT COURT

The March term of the Bourbon Circuit Court adjourned Saturday after a three-weeks' term unmarked by any unusual proceedings. Many last orders were taken on the last day. There was but one commitment to the Frankfort Reformatory. Robert Harding, convicted of stealing an automobile, was sentenced by Judge Robert L. Stout to serve one year on a grand larceny charge. Several cases were continued until the next term of Court.

In Court Friday in the case of Daniel Owens, against Rev. Harrison Nutter, colored minister, for damages, a judgment was given Owens for \$100. Owens claimed damages for injuries sustained by being struck by an automobile belonging to Rev. Nutter.

W. S. Hughes was given a judgment for \$76.62 against Olin Boardman, of Little Rock, for a bill for garage service rendered by the concern in which Hughes is interested as an official.

ROBT. BRECKINRIDGE ADDRESSES BARRY COUNCIL

Hon. Robert J. Breckinridge, of the Lexington Herald, addressed a large audience assembled at a mass meeting held in the court house last night by Commodore Barry Council, American Association for Recognition of the Irish Republic.

Mr. Breckinridge was introduced to the audience by Mayor E. B. January. His address was one that will be long remembered in Paris for its eloquence, array of facts and fancies, its pathos and its exposition of the injustice Ireland is being subjected to. He did not mince words, but presented his views in a straightforward, convincing manner, with all the eloquence and power of which the Breckinridge name has long been associated.

Mr. Breckinridge was followed by Capt. John A. Geary, of Lexington, whose address was a close second to Mr. Breckinridge. A musical program was rendered by Miss Elizabeth Smith, of Lexington. A large delegation from the Lexington Council attended, and were interested auditors, along with those from Paris.

STATE TO PURCHASE STEPHEN FOSTER'S BIRTHPLACE

"Federal Hill," in Nelson county, the house in which Stephen Collins Foster wrote "My Old Kentucky Home," is soon to be claimed as a shrine and presented as a gift by the people of Kentucky to the commonwealth. For a long time Kentuckians have been the mental and spiritual owners of this gracious old house, standing among its fine trees on the hill just outside of Bardonia. Now it is to become the legal and physical possession of the State. Full plans for the purchase of "Federal Hill" and its presentation to the State will be made public early in April by the "Old Kentucky Home" commission, which has been working for more than a year to this end. Marvin H. Lewis, general executive chairman for the campaign that will be conducted later in April, has completed the plans, which have been approved by the commission and which will shortly be submitted to the people of the State and Kentuckians everywhere. It is proposed by the commission to ask for \$100,000 as a minimum sum toward the purchase, repair and beautifying of the Federal Hill plantation for a State park.

FORMER GEORGETOWN EDITOR SLATED FOR APPOINTMENT

Dan W. Clark, of Frankfort, editor of the Kentucky Republican and for many years editor of the Georgetown Sentinel, has been recommended by Congressman Robinson for appointment as a member of the Workmen's Compensation Board. Mr. Clark was presented personally a few days ago to President Harding by Congressman Robinson, and strongly recommended for the place. Mr. Clark is one of the best-known editors in the State, and the press boys will certainly give the stamp of their approval to his appointment. Mr. Clark is the father of Mrs. Jack Parker, of American Falls, Utah, formerly Miss Ellen Clark, of Millersburg, which in itself would constitute a strong bond of friendship and approval from the members of the press fraternity of Central Kentucky.

TOBACCO PLANTS REQUIRE LARGE AMOUNTS OF WATER

Rapidly growing plants evaporate a large amount of water from the soil and in dry weather the bed must be watered or the growth will be checked and the plants injured, according to Circular No. 77, published by the extension division of the College of Agriculture. It is much better to give the bed a good soaking one in eight or ten days, then to merely sprinkle it every few days, the publication says. The circular contains a complete discussion on the management of tobacco plant-beds and may be obtained free by writing the Experiment Station, Lexington.

TIME TO GO FISHING

When the spring morning is clear, warm and inviting, and when the housewife begins to hustle around with a broom in one hand and a hammer in the other, with swift movements, from which cats take fright, look out! When the same woman begins to rip up carpets, sling chairs out the door, take down the pictures from the wall, dear fellow, you had better take warning! The dear woman is beginning her spring housecleaning, and you had better get out your fishing outfit, and hike. The writer speaks from a sad experience, even though a bachelor.

An Atlantic City boardwalk resort is built in the shape of a monstrous elephant, 100 feet high.

FARMERS PREPARING FOR A BUSY SEASON

The Monthly Business Review, published at Cleveland, Ohio, under the auspices of The Fourth Federal Reserve District, and The Federal Reserve Bank of Cleveland in a recent review of business conditions in Kentucky, says:

"Although farmers have been somewhat discouraged because of the severe cuts in the prices they have been receiving for their 1920 crops, recent reports seem to indicate that preparations are being made for the usual amount of spring planting.

"During the past few years the scarcity of labor has been a big handicap to the farmer. The curtailment of factory production in the cities has forced many persons to return to the country and others will move in that direction when the spring work opens up. There should be a plentiful supply of labor at reasonable wages, farm machinery is cheaper and this should partially compensate the farmer for the losses he has suffered the past year.

"Kentucky farmers in the Burley tobacco district have agreed that each man shall decide for himself the amount of tobacco he will raise during the coming season. An effort is being made to cut the acreage for 1921 and improve the quality of the tobacco. Whether the plan will be successful depends on the willingness of the large producer to cut his acreage for the coming year.

"The building industry appears to be making time and the mild weather has failed to start the expected rush in spring operations. While there has been a marked decline in the cost of building material the prospective buyer is not convinced that the bottom has been reached.

"Readjustment in the cost of skilled labor in comparison with the decline in the cost of building material and common labor, has made little progress.

"Some work on public projects has been started and it is hoped this will improve the labor situation. Figures on building operations for February show a slight improvement over those for the preceding month."

BEAUTIFUL GIRLS SEEN IN METRO "CLOTHES"

An Oriental dancer, a swimmer arrayed in the most advanced Trouville style, a smart horsewoman in riding breeches, an Italian princess of the Renaissance, a girl in the garb of early Greek mythology, a French cabaret girl, a Hula-Hula maiden, an Italian peasant, a Japanese "Butterfly," a Pierrette, a Russian ballerina, a series of twenty beautiful girls in the costumes of many countries appear in Metro's all-star production of "Clothes" Tuesday and Wednesday, April 5 and 6, at the Alamo and Grand.

Another scene in "Clothes" shows the interior of a fashionable Fifth avenue modiste's shop. The girls display the smartest gowns of the season.

"Clothes," which is an adaptation by Arthur Zellner of the stage drama by Avery Hopwood and Channing Pollock, is one of the most brilliant productions of many seasons in the showing of beautiful gowns with beautiful girls inside of them.

Olive Tell, who plays Olivia Sherwood, the role created on the stage by Grace George, has the most expensive wardrobe of her career for the production, which was made under the personal supervision of Maxwell Karger, Metro's director-general. (adv)

MUTUEL OIL WANTS TO SELL ITS STOCK

Asking for a construction of the section of the Kentucky Blue Sky law providing that "the provisions of the law shall not apply to increase of stock sold and issued to stockholders," James P. Lewis, State Banking Commissioner, was made defendant in a suit in Franklin Circuit Court by the Mutuel Oil and Refining Company, of Lexington.

A writ of mandamus is asked by the company to compel the commissioner to expunge from his office records of February 19, 1921, an order indefinitely suspending the sale of the company's stock and that an order be entered in its place authorizing the company to sell its capital stock.

How Can the Templin Paint Store Sell Such Good Paints At So Low Prices? We Will Tell You Why

Our overhead expenses are much less than many others who sell paint, and we buy our goods in quantity lots and discount our bills for same. We share this profit with you.

We sell the EAGLE brand of white lead, and ARCHIE DANIELS and SPENCER KELLOGUE & SONS pure line seed oil. Ask your painter if these are not the very best of their kind.

If it were not so, we would not have as our regular customers such painters as—

ROBT. TURNER,
McPHERSON & BONTA,
LUTHER SMITH,
SPRAKE & OWLSLEY,
O. FEEBACK,
A. ZORNES.

O. PATTERSON,
J. THROCKMORTON,
W. S. JOHNSON,
RICHARDSON & HORNE,
G. M. TURNER,
JAS. HORTON.

And many others who know good paint and where to find it.

The handling and selling of paint is our business, and we devote our entire time and energy to this work, and if you contemplate doing any painting this Spring or Summer, and we can be of any assistance to you in the way of suggestions as to the best kinds of paints and colors suitable for either old or new work, or if you should like to have an estimate as to the probable cost of any work in our line, we will be pleased to have you call by card or phone, and we will be at your service to assist you in any way we can.

We carry a full line of Paints, Oils and Varnishes in our store on South Main Street, near the Bourbon Lumber Co.'s yards, and can and WILL save you money if you will give us the opportunity.

"My horse was in such run down condition, I thought he would die. After feeding him Dr. LeGear's Stock Powders, he is as well as ever and is now as good looking a horse as there is in this section."—J. C. Huste, Rockbridge Baths, Va.

Dr. LeGear's Stock Powders build up the body, vitality and muscular energy of your horses and mules, insure more meat with less feed, from your hogs, sheep and cattle, and help your cows produce more and richer milk.

Mr. Huste's small expenditure saved him the price of a horse. Dr. LeGear can also help you. For 28 years as a Veterinary Surgeon and Expert Poultry Breeder he has devoted himself to the compounding of remedies for ailments of stock and poultry. How Bad Backs Have Been Made Strong—Kidney Pills Corrected

All over Paris you hear it. Doan's Kidney Pills are keeping up the good work. Paris people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Paris citizen's advice and give Doan's a chance to do the same same for you.

Thomas A'Hern, proprietor restaurant, 827 Pleasant street, says: "Doan's Kidney Pills are all right and I can recommend them highly. I used Doan's sometime ago when my kidneys were out of order and my back ached a lot just over the kidneys. I would have dizzy spells and felt sleepy. I lacked ambition to do my work, too. As soon as I began using Doan's Kidney Pills, which I got at Oberdorfer's Drug Store, I got relief and three boxes cured me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. A'Hern had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

BUTTON FACTORY AT DOVER BURNED DOWN.

The large frame building owned and occupied by the button factory at Dover, in Mason county, was destroyed by fire with all the machinery and stock. It is not known how the fire started.

As Dover is without fire fighting apparatus, the efforts of a bucket brigade were futile. The loss is \$30,000, with some insurance. The factory was owned by the New Jersey Button Works and employed about 100 persons.

EDITOR ALLEN TELLS OF NEWS-PRINT TROUBLES

Editor James M. Allen, of the Cynthiana Democrat, tells of a condition in the newsprint paper trade that has been experienced by many others in the newspaper game.

"The Democrat is being printed and will continue to be printed for several months, on paper imported from Norway. It is a little broader than the paper we have been using and not quite so long, making the lower margin rather narrow. But as a whole it is better quality than the mastic paper furnished during the war and immediately after. We bought five tons last fall when paper manufacturers and jobbers in this country were holding up and ruthlessly robbing the newspapers. The price in this country still is more than 100 per cent above normal."

CLAIMS PLOWING RECORD

Roscoe Carmichael, a young Bourbon county farmer, claims to hold the record for plowing done with a tractor, on the John Roseberry farm, near Paris. Mr. Carmichael plowed a total of twenty-five acres in 26 hours and 30 minutes, the tractor consuming fifty-two gallons of coal oil, 2 1/2 gallons of kerosene and 1 1/2 gallons 600W and one gallon of gasoline. The tract of land contained many rocks and some trees. The machine he used has been used for three seasons. Last June Mr. Carmichael cut twenty-five acres of wheat on the same place in eleven hours.

ARTIS OWENS AGAIN IN TOILS OF LAW.

Artis Owens, tenant, who was arrested some time ago by prohibition enforcement officers at his home near Hutchison, on a charge of making and having in his possession moonshine whiskey, is again under the ban of the law, on the same charge. After having been granted clemency by the Court in Lexington on account of continued illness in his family and his promise to "go straight," Owens moved to a place near Wyandott, in Clark county. Friday night, according to reports reaching here, officers raided Owens' home, where they found a copper worm and malt grinder, said to have been in operation recently. The still, which formed the rest of the apparatus, had evidently been hidden. The officers arrested a man named Eddie Duncan, giving Lexington as his home, and took him to Lexington, where he was placed in jail. Prohibition officials stated that a warrant would be issued for Owens' arrest.

ZANGAR CLOSURES SUCCESSFUL ENGAGEMENT HERE

The Paris engagement of Zangar, the mystic, who opened at the Paris Grand and The Alamo, last week, closed Saturday night, after a successful week's run, in which he fully demonstrated to the Paris audiences his claim as a mystic.

During his engagement here Zangar impressed the people of Paris as a man who was entirely sincere and conscientious, and answered hundreds of questions, more or less satisfactorily, to inquiries who wanted to know something. Among the questions which were sent to him through the mail were a number from subscribers to THE NEWS, residing in Ohio and other States, who stated that they had read of his performances, and wished to test his powers. Altogether Zangar's engagement here was a most entertaining and pleasing one. He is at the Strand Theatre, in Lexington, all this week, where those who did not get to have their questions answered in Paris, may send their questions and have them answered.

Leading Authorities Now Show Just What Tanlac Really Is

Physiological Action of Principle Ingredients of Celebrated Medicine On the Human System Is Explained.

**SUPREMACY CLAIMS
WELL SUPPORTED**

Many of the Medical Elements Have Been Known and Used Since Civilization First Began.

Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout this country and Canada, is composed of the most beneficial roots and herbs known to science. The formula is purely ethical and complies with all National and State Pure Food and Drug Laws. Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

Many of these ingredients have been individually known and used since civilization first began, and some of them have been used and prescribed by leading physicians everywhere, but until they were brought together in proper proportion and association, as in the Tanlac formula, humanity had not heretofore realized their full value and effect.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says: "It has been the source of the most valuable tonic medicines that have ever been discovered." In referring to others of the general tonic drugs contained in Tanlac, the 13th Edition of Potter's Therapeutics, a standard medical text book, states that "They impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority, in describing the physiological action of still another of the ingredients of Tanlac, which is of value in

treating what is commonly known as "a run-down condition," uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which, because of their influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of the tissues and more important organs of the body, and produce that state of general tonic which is called health.

The United States Dispensary makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required. Dyspepsia, atonic gout, hysteria and intermittent fever are among the many affections in which it has proven useful."

There are certain other ingredients described in the Dispensary and in other standard medical text books as having a beneficial action upon the organs of secretion, whose proper functioning results in the purification of the blood streams passing through them. In this manner objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized.

Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about assimilation of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

Although Tanlac's claims for supremacy are abundantly supported by the world's leading authorities, it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it with gratifying results, and have told other millions what it has done for them. That is why Tanlac has become the real sensation of the drug trade in this country and Canada, and that is also why it is having the largest sale of any medicine of its kind in the world to-day.

PLAN TO COMPLETE JEFFERSON DAVIS MONUMENT

Word was received in Paris this week that the Board of Trustees of the Jefferson Davis Monument Association and officers of the Daughters of the Confederacy will hold a conference in Louisville on Wednesday, April 13, to devise ways and means for the completion of the Jefferson Davis monument at Mr. Davis' birthplace, Fairview, Ky. The monument is to be 351 feet in height when completed, the second highest monument in the world. It is more than half finished, but the work has been delayed on account of the war intervening and the general conditions throughout the South. "The Daughters of the Confederacy and the patriotic women of the South will see that this monument is completed as a fitting tribute to one of the greatest men of his age and the South will honor itself by honoring its great leader," the notice received here says.

BIG MOVE FOR BETTER LIVE-STOCK LAUNCHED

Backed by Kentucky College of Agriculture and the United States Department of Agriculture, the Kentucky Pure Bred Livestock Association and the Louisville Livestock Exchange have entered on the most comprehensive campaign ever undertaken in this State to promote the breeding of better and more livestock. To further the movement the Association and the Exchange at large expense have planned the widest possible publicity.

Three great sales of pure bred and grade animals have been planned to be held at the Bourbon Stock Yards. Neither the Association nor the Exchange will derive one cent of profit from these sales. The animals will be sold at auction to the farmers and it is expected that the range of prices so fixed will permit of the selection of these animals by those interested at a cost well within the means of those in the most moderate circumstances.

The first of these sales will be the Better Sire Sale of Pure Bred Registered Bulls, 200 in number, which will be auctioned at the stock yards June 2nd. Some of the finest bulls in the State have been offered for this sale. Trading arrangements have been provided for where Livestock Exchange representatives in the field will buy scrub cattle from such groups as may pool their cattle to replace them with pure bred animals at the sale.

Two hundred pure bred ewes and rams and 2,000 grade sheep will be sold under the same conditions August 11th, and a pure bred swine sale will be held in the autumn. W. S. Bell, president of the Louisville Livestock Exchange, has issued an appeal to the farmers interested in any phase of the movement to communicate with him as early as possible.

FIFTY-NINTH ANNIVERSARY OF SHILOH BATTLE.

Wednesday and Thursday of this week will mark the fifty-ninth anniversary of the two-day battle of Shiloh, one of the greatest and hardest-fought battles in the war between the States, in April, 1862. Hundreds of veterans, who wore the blue and the gray will visit the historic scene of the great struggle.

A full and complete account of this great struggle is given in a pamphlet published some months ago by Lieut. Lot D. Young, of Paris, who took part in the memorable conflict. In conversation with THE NEWS man yesterday Lieut. Young said: "My attention was called Sunday to a published statement in which it was said that out of the 102,500 soldiers who took part in this great battle, there are but about one hundred living. This is a great mistake, as I know personally fifteen or more in this vicinity alone. The number of survivors has been accurately quoted, but I know it is more than one hundred."

MARINES RESUME RECRUITING, BUT KEEP STANDARDS HIGH

The Marine Corps was the first branch of the service to lift the temporary ban on recruiting, when it was announced that applicants without previous service would be accepted. For the last two months recruiting for the Marine Corps has been limited to re-enlisted Marines only.

Major General Lejeune directs recruiting officers to accept men for either three or four years, the two-year enlistment being abolished. Physical, moral and mental standards are to be kept as high as possible, and no man who is less than twenty years old, sixty-five inches in height, and weighs less than one hundred and thirty pounds is to be accepted. The total strength for the Marine Corps, when general recruiting ceased last January, was approximately 22,000. It is now slightly under that figure.

THE EDITOR'S EASY JOB

An exchange remarks a country editor has a reasonable chance of succeeding—

If he can run his typewriter with one hand, while using the other to correct proof, write ad copy, make out subscription receipts, keep the books, order paper stock, welcome visitors, take 3-line personals over the telephone, open the mail, pay the freight bill, ward off brick bats and flag destiny.

If he is not hungry for popularity nor too much above caring for it.

If he can make the important international questions seem as real as the local contest for the postoffice.

To which we might add—if he doesn't disappoint the "gang" that hunts for typographical errors in the paper and "howls" every time they discover one.

K. E. A. PROGRAM GIVEN

Superintendent J. H. Risler, of Owensboro, president of the K. E. A., has issued the official program for the annual meeting of the State teachers to be held in Louisville, April 19-22.

Professor Risler will deliver the president's annual message Wednesday morning, April 20. County Superintendent J. L. Graham, of Daviess county, will talk on "Rural School Consolidation" Thursday morning. United States Commissioner of Education P. F. Claxon and leading educators of the nation and State will take part on the program.

LETTER GOES TWELVE MILES IN 5 YEARS.

After a lapse of four years and six months consumed in traveling twelve miles, a letter mailed at Blanchard, La., in October, 1916, was delivered to Harry S. Watson, at the Shreveport, La., postoffice, Tuesday. The letter was written by A. F. White, Kansas City Southern station agent at Blanchard.

"OLD KENTUCKY HOME" ASKS FOR FUNDS

It has been suggested that there are certainly one thousand Kentucky men and women able and glad to contribute \$50 each to the fund to purchase the cradle of Stephen C. Foster's famous song, "My Old Kentucky Home," at Federal Hill, Nelson county, to be preserved as a State shrine. The first subscriber before the plan was decided upon was an expatriate from Kentucky of forty years standing, who still loves the old commonwealth. He sent his check for \$2,500 for the privilege of being the first to contribute. That was Marc Klaw, the theatrical magnate of New York.

We feel sure that the men and women of this county will do their share in helping to preserve this spot famous in Kentucky history. The song has made the State known around the world and Federal Hill is visited by thousands of tourists annually to see its birth place. It can be made to be for Kentucky what Mt. Vernon is to Washington, a shrine for all travelers to visit.

We should be glad to receive checks from those who want to contribute. Checks will be duly acknowledged in this paper and forwarded to the commissioners having the purchase in charge. Checks should be made payable to A. T. Hert, treasurer. Later all contributors will receive souvenir certificates of their subscriptions.

MAN, POOR MAN, GETS ANOTHER RAP.

In announcing her candidacy for Sheriff, Mrs. John Renner, of Mt. Vernon, writes: "If the good women should not run for office, I say to them, stay at home and let the devil take our country, as he has had control of it for a long time. We can not put the devil out of a job if we are going to select one of his agents to work for him. If the women will go out in the field, take hold of the plow handle, or hoe handle, or chopping axe, or over the washtub to get bread for our husbands to eat, that is the place, and let the men have the offices, the easy jobs, sitting around and smoking and going to the court house or some other secluded place to get a drink of moonshine when they want it." Mrs. Renner is the first woman candidate for sheriff to announce in Kentucky.

OLD-TIME DRUMMER IS BACK ON THE JOB.

The old-time traveling man, a familiar figure in day coaches and about whom innumerable stories, humorous and otherwise, have been told is coming back into his own.

He has been almost extinct for a time for which the rush of business done during and just after the war firms had sufficient trouble trying to fill orders that came to them without sending out after more.

But now, with the feeling among the money spending public that the time for squandering has ended and the resultant drop in demand, the old time drummer is again out drumming up trade.

Tradesmen have taken to buying only in quantities needed for immediate use, for they do not want to be caught with high-priced goods when the slump comes; and so the salesman is kept on the move—is the business man with many firms, for on his ability to get orders depends the welfare of the firm.

NOTED NURSE OF THE CIVIL WAR DIES

Mrs. Anna Sulser, widow of Geo. W. Sulser, died at her home in Maysville, from a stroke of apoplexy. She was born at Lynchburg, Va., October 17, 1840, and was a sister of Burton N. Harrison, private secretary of Jefferson Davis, when he was President of the Southern Confederacy.

During the war she ran the Confederate military hospital at Oxford, Miss. She died as strong for the Confederacy as during the war, never allowing the Stars and Stripes to enter her home. The Confederate flag being a conspicuous ornament. Her pall-bearers were the six remaining Confederate soldiers of Mason county.

WILL CO-OPERATE TO STOP SMALLPOX.

The Metropolitan Life Insurance Company, of New York, is going to aid the State Board of Health in procuring more general vaccination throughout Kentucky, and thereby aid in reducing the prevalence of smallpox, Dr. A. T. McCormack, State Health Officer, has announced.

The offer to help was made by the insurance company without any solicitation on his part, Dr. McCormack added, but he, as head of the State's health workers, was glad to avail himself of this means of striking at smallpox. The particular kind of aid that will be given has not yet been fully determined, but it is certain that it will include the company's circularizing all its policy-holders emphasizing the importance of vaccination.

The insurance company also probably will write the heads of all the industries in the State calling their attention to the provision of the State law that makes them responsible for their employees' having been vaccinated. Dr. McCormack is of the opinion that this emphasis from a lay source will materially support the constant representations that the State Board has made in the matter.

A Home Essential.

A box of bandages should be kept in every household to use in case of accident. They should be torn from strong cotton cloth and wound tightly, but not hemmed, and should be of various widths. Put them all into the oven for a short time to be sterilized, then pack into a wide-mouthed preserve jar. Screw on the lid securely and keep in a convenient place.

STRIPES AND PLAITS

With the stripe plus the plait, designers are endlessly ingenious. One of the new skirts for spring is shown above, made of material having a plain stripe alternating with a checked one. By means of box plaits the checks are almost lost sight of.

ARTFUL USE OF CHECKS

A plain skirt in black and white wool that refuses to hide its checked career behind plaits, is nevertheless artful in the management of tucks that are cleverly placed above the hem. These tucks are rounded off at one side and a large black and white button on each one calls attention to its novel ending.

DESTINED TO SUCCEED

Crepe de chine blouses covered with eyelet embroidery seem destined to a great success. The original model has been modified by some designers, but the eyelet work is a feature that all retain.

EYELET WORK IN BLOUSES

The last word in blouses appears in this rich model of crepe de chine and eyelet embroidery. It has a short perleum pointed at the bottom, each point supporting a long silk tassel and a girdle of ribbon held to the long waistline by little rings.

SWIFT & CO.'S WEEKLY PRODUCE MARKET REVIEW

Marketing of large supplies of poultry has caused general declines in price in both producing and consuming centers. It is believed that in sympathy with the decline in other food stuffs, the general average price will continue lower.

The egg market remained fairly steady during the week, with a good demand for current supplies. A large reserve stock is piling up in storage, the United States Department of Agriculture reporting stocks of 679,516 cases in Chicago, New York, Boston and Philadelphia on March 30, 1921. On the corresponding date last year there were 4,319 cases in storage.

It is estimated that the total figures for the United States will show over 1,000,000 cases stored April 1, 1921, as compared with 121,733 cases on the same date in 1920.

There was little change in butter prices, although the arrival of 2,000,000 pounds of Danish butter in the early part of the week brought about a temporary depression. Some increase has taken place in butter production, but there is a good consumer demand which is absorbing the make about as rapidly as it is offered.

HERE'S CERTAINLY A UNIQUE ANNOUNCEMENT

H. L. Taylor, of Barbourville, publishes this announcement of his candidacy: "I am a candidate for what is left of the office of Circuit Court Clerk on the Republican ticket. This office pays no salary unless you can stick your unfortunate fellowman who is compelled to come into court. I am qualified for said office. I can run a typewriter and I will not be compelled to skin my unfortunate fellow man. I have killed lizards on the old rail fence, chased butterflies and grasshoppers and humming birds and June bugs. I have heard the hoot owl hoot, the screech owl screech, the fox bark in the high cliffs and the cricket sing under the old rock hearth, and I have split rails with dogwood gluts and swung the hickory maul. I have no opponent yet, but if I have one, just bet that I'll give him the darndest scare he ever had."

COURT SAYS WOMEN HAVE THE RIGHT TO SMOKE

Smoking by women in hotels and restaurants is all right in the eyes of the law, as women have the same rights in that direction as men, Police Judge John J. Riley ruled in City Court in Lexington, when Beulah Hicks, 24 years old, of Nicholasville, was presented before the court. Mrs. Hicks, it was testified by Patrolmen Robert Hale and Johnson, Monday night was smoking a cigarette in a restaurant on South Broadway, when the two patrolmen entered. They warned her concerning smoking in the public eating place and later a charge of vagrancy was placed against her.

DECIDES WOMEN MAY SERVE ON JURIES

All doubts as to the right of women to act as jurors was brushed aside by Charles I. Dawson, Attorney General, in a written opinion stating that the Federal constitution and Kentucky law give them the right to serve on juries.

The adoption of the nineteenth amendment to the Federal constitution enfranchising women, made citizens of them within the meaning of the term, according to Mr. Dawson. The inquiry as to the rights of women to act as jurors came from Louisville, where there has been considerable agitation recently for obtaining women as jurors. The first qualifications for jury service, Attorney General Dawson says, is that of citizenship; the second is that he or she must be 21 years of age, and then finally a householder.

He has no doubt that any woman accepted for jury service would be able to qualify along all of the lines.

CHURCH PROPOSES TO OUST RENT PROFITEERS

A resolution, under which "rent profiteers" would be ousted from the churches, adopted by the Pittsburg Baptist Ministers' Association, was made public. Unwarranted rent advances constitute an un-Christian "Phariseism," according to the resolution, which urged all Pittsburg ministers "to combat gouging landlords, to take a prominent part in community protests against these wrongs, and use the influence of their ministerial associations to prevent new burdens of greedy extortion being imposed upon the general public." Officials of the Baptist organization said that they would urge the Pittsburg Union Ministerial Association to adopt a similar resolution.

AMERICAN LEGION TO DECORATE COMRADES' GRAVES

The grave of every American soldier who died abroad during the World War will be decorated on Memorial Day by the American Legion.

All posts of the Legion were called on for contributions to bear the expense in a bulletin sent out by Lemuel Bolles, national adjutant. The burden of the cost, the bulletin said, rests with the members of the Legion, but public contributions also will be expected.

Relatives of the deceased soldiers may have a special floral offering or decoration placed upon the graves through the Legion's committees in France, Great Britain, Belgium and Germany, it also was announced.
